The 60-day public petition period will directly follow the USEPA 45 day review period. Interested parties may contact KDHE to determine if the USEPA 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period.
